

# Senior Structural Engineer

CMA Engineers Inc. is seeking a **Senior Structural Engineer** to join our team in any of our Northern New England offices located in **Manchester, NH, Portsmouth, NH or Portland, Maine**.

CMA Engineers is a civil/environmental/structural consulting engineering firm providing responsive engineering services of outstanding quality. We offer a challenging and collaborative atmosphere with significant professional growth opportunities, highly competitive compensation and a unique benefits package.

If you thrive in a collaborative environment in which results and people matter, then we want to hear from you!

## Position Summary

The preferred candidate will be interested in a variety of project types including buildings, foundations, retaining walls, small/medium bridges, and precast concrete culverts. Candidate must be able to work independently and in a collaborative team environment, which requires communications with all levels of staff as well as clients and contractors.

## Essential Responsibilities:

- Design of structural elements
- Detailed review of calculations performed by junior engineers
- Project marketing and client interaction
- Project management and oversight of design teams

## Experience /Qualifications

- Bachelor's degree in Civil Engineering is required. Master's degree in Structural Engineering preferred
- 10-15 years of experience in structural design
- Effective written and verbal communication skills
- Ability to travel to client sites within the northern New England area
- Experience with relevant software, Mathcad, LEAP Bridge Concrete, RISA (3D and Foundation), ET Culvert, Autodesk REVIT

## Required Certificates/Licenses

- Licensure as a Professional Engineer in New Hampshire or Maine or the ability to attain license in the surrounding states within 6 months of hire.

Our team is motivated to pursue excellence and is rewarded by competitive compensation and a robust benefits package including:

- Flexible work environment
- Solid foundation of stability and opportunity for growth
- 401(k) with enhanced matching
- Paid time off with additional Paid time off for charitable work
- Professional Development Assistance

## Sponsorship is not available for this position
